

Sculpture Garden Bingo Card

The landscape of the West is vast and varied. At the Briscoe Western Art Museum, the paintings aren't the only way you can see such biodiversity. In the McNutt Sculpture Garden, you will see firsthand many different plant species that live throughout the Western landscape. Use this worksheet to investigate them and others you might find in your own neighborhood.

 <p>Sego Palm</p>	 <p>Cow Tongue Prickly Pear</p>	 <p>Soaptree Yucca</p>	 <p>Texas Mountain Laurel</p>
